

## Periscope: Beyond photography

29 giugno – 8 Settembre

Eva Stenram  
Cristiano Tassinari  
Benjamin Renoux  
Heikki Kaski  
Gloria Pasotti  
Benjamin Mouly

Ncontemporary e mc2gallery sono liete di annunciare *Periscope: Beyond photography*, mostra che include una selezione di artisti emergenti internazionali interessati ad andare oltre il limite naturale del medium fotografico.

Senza dare una direzione chiara, le due gallerie hanno invitato gli artisti a presentare le recenti evoluzioni della loro ricerca; con un interesse specifico per l'archivistica, la manipolazione digitale e il dialogo tra la fotografia e l'installazione site-specific.

Ncontemporary and mc2gallery are proud to announce a new group show including works by a selection of international emerging artists that have pushed further the boundaries of the photographic medium.

Without pointing towards a clear direction, the galleries have invited artists to present evolutions of their research involving among other aspects archival research, digital manipulation and a clear intention to create a dialogue between photography and site-specific installation.
